INSTRUCTION #1

The easiest way to reach the office is through the lobby of the BU School of Medicine. To reach this lobby, make your way to E Concord St. When you reach the grassy quad on E Concord, turn onto the quad and away from the Moakley Building (which is on the opposite side of the street). The BU Medical School lobby is the offset building that will now be to your left. Please enter.

Pass the security desk on the right and take the first possible right turn. You should be facing a set of double doors. Go through them. After passing through, you should see a hanging sign with arrows directing you to a number of different buildings, including Vose (our building). Continue straight until you see another hanging sign that has the name Vose with an arrow pointing left. Turn left up the small slope and go through the door.

You are now in Vose and have entered on the second floor. Do not go up the staircase to your immediate left when you enter. Instead, pass straight through the doorway to the second floor hallway until you reach the rear staircase. Please ascend these stairs to the fifth floor and let us know that you have arrived.

PARKING

Boston Medical Center has valet parking available on Harrison Avenue in front of the Menino Pavilion or you can park in the garage on Albany Street across the street from the Albany Street Emergency Room entrance. Metered parking is also available along Albany Street for 25¢/15 minutes.
